

Simplify your logistics with seamless platform integration

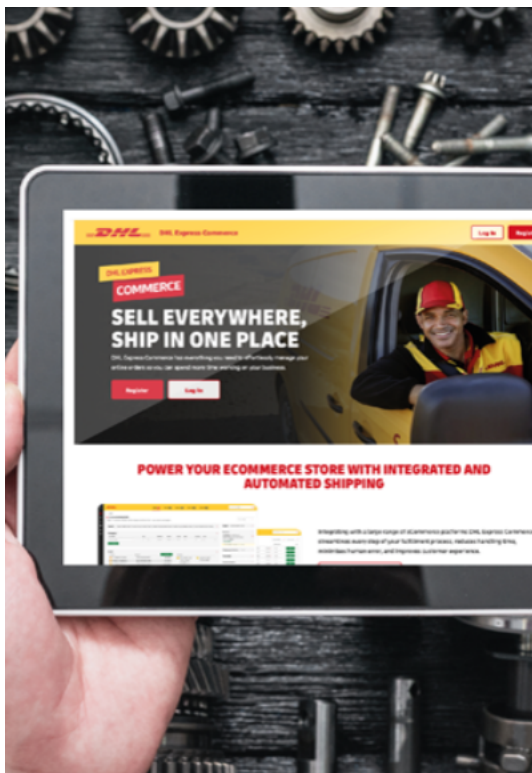

We like to make things as easy as possible for our customers, giving you more time to do what you do best.

DHL Express services can seamlessly integrate with many leading e-commerce and marketplace platforms, simplifying your outbound and returns logistics.

Your customers can view DHL Express rates when checking out, receive estimated transit times and easily schedule pick-ups once their order is confirmed.

Shipping information and documents are transmitted directly to DHL Express, allowing us to ship and clear customs more efficiently. Customers using DHL Express Commerce can enjoy live shipping rates at checkout once a destination is selected.

Live rates mean you can charge your customers the accurate amount, allowing you to increase revenue and profit margins.
